Carthago City in Aulendorf, Upper Swabia

FROM THE BEST SOURCE. FOCUS ON QUALITY.

The first Malibu models which Carthago founder Karl-Heinz Schuler introduced on the road in 1979 were already of the highest quality standard. Malibu vans have always been characterised by the use of high-quality equipment and innovative solutions from the motorhome premium class.

The quality claim is anchored in the unique Malibu added value promise, with which the Malibu vans completely re-define the standards in the Van class. Our aim is to provide you with the best vans in the respective class – in order to give you the best holiday moments of your life.

A YOUNG BRAND WITH THE BEST VALUES.

Looking for something special? Then a Malibu van is just the thing. Behind Malibu there is an innovative, owner-run company with 40 years of experience and highly committed employees. They all share the same goal: to construct the best van for you and your holiday.

Get in and experience quality! The thing that make the first impression becomes increasingly clear the more closely you look at it: so many well thought-out

details and so much more of everything that constitutes relaxed travelling. Each Malibu van contains sophisticated motorhome technology, robust furniture construction with double connection technology, a tremendous amount of storage space and the best travel comfort. We invest more know-how, time and effort than others in order to offer you more in every respect. More functionality, more comfort, more storage space, more feeling of well-being. We promise.

▣ The Malibu Van **Charming GT 600 DB** is a real eye-catcher on the roads.

BEST VAN IN CLASS – MALIBU IMPRESSES

“The Malibu engineers don’t just screw the individual furniture elements together: They are also mortised, which increases the stability and longevity of the furniture. This kind of effort is also rewarded by a reduction in the amount of squeaking and rattling noise.”

Reisemobil International, 04/2019
(Comparison test: MALIBU Van Charming GT 640 LE)

“The Malibu Van impresses with comfortable beds and a large washroom. [...] The fully under sprung single beds are easy to access thanks to a cut-out and a step between the bottom end of the beds. [...] Malibu is making a real statement with the washroom. Thanks to the swivelling toilet, which disappears into a recess beneath the left-hand bed with a single hand movement, the integrated shower increases to a pleasant size. [...] The flush flap extension and the sink cover which can be used as a cutting board impress in the kitchen of the Malibu. [...] The numerous and practically positioned shelves are also impressive, such as the ones next to the beds or in the vicinity of the seating area and the kitchen. There is also more storage space in the seat bench.”

promobil, 09/2018
(Comparison test: Malibu Van Charming 640 LE)

“Malibu Van 600 DB - The solution for personal freedom. [...] With the Malibu Van 600 DB, there is no longer any need to dread driving through small towns or along coast roads. Quite the opposite, the urge is awakened to discover places that you would never dream of going to in a semi-integrated motorhome. [...] Thanks to the on-board power supply, electrical energy is only really needed for lighting. [...] Malibu manages to make you forget the actual small size of the vehicle that you are travelling in by means of clever partitioning and use of space.”

Der Autotester (online), 06/2018
(Test report: Malibu Van 600 DB)

“The space partitioning of the Malibu is fantastic. The asymmetrically designed washroom creates free space: There is sufficient room for an adult to shower thanks to the swivelling chemical toilet. The sloping outer wall with sliding door makes access to the bed bigger at the driver side and prevents you from bumping your head when you stand up.”

☑️ Large lounge seating area in the comfort models.
Cherry Shining World of Style,
Barcelona World of Living (model
640 LE)

☑️ In models **540 DB** and **600 LE low-bed**, the living area table can be securely stowed away in the overhead storage cabinet whilst driving.

☑️ Storage space is worth its weight in gold: The large storage compartment in the double floor of the lounge seating area with hatch and high-quality hinges provides room for lots of luggage or shoes (size depends on model).

COMPACT VEHICLE LENGTHS, PACKED WITH HOLIDAY COMFORT

(Models 540 DB, 600 LE low-bed)

Ideal for travelling - and absolutely practical for everyday use at the same time: Our compact models are the perfect companions for any situation. Manoeuvrable and agile, they can easily be manoeuvred anywhere - even on city tours. In spite of the compact dimensions, they provide the comfort that you expect of a Malibu

Van in the interior: Kitchen with integrated compressor fridge and lots of storage space, space wonder washroom, and beds with an amazing amount of sleeping area. You have complete choice between two worlds of style and numerous worlds of living as you please - discover them for yourself!

▲ The Malibu Van **540 DB** is the perfect companion - be it in everyday life, on city tours or on longer trips.

▲ Elegant entrance area with Malibu branding in chrome and indirect accent lighting.

▲ Amazing amount of room inside thanks to clever detail solutions, Cherry Shining World of Style, Barcelona World of Living (Model 540 DB)

KITCHEN – MORE STORAGE SPACE, MORE WORK SURFACE

(Models 540 DB, 600 LE low-bed)

☑ You will also find a fully equipped kitchen with three large drawers and a powerful compressor fridge in our compact models – here in the friendly Cherry Shining World of Style (model **540 DB**).

☑ The powerful compressor fridge integrated in the kitchen saves space and therefore vehicle length.

One level

▲ Continuously level, no risk of tripping: more room for movement in front of the kitchen area thanks to the “One Level” floor as far as the washroom. This is particularly advantageous for access to the fridge.

▲ The three deep drawers close softly and gently thanks to the self and soft closing mechanism in household quality. The first drawer is also equipped with a cutlery insert.

▲ The additional folded-out work surface lies flush on a single level.

▲ If the 2-ring stainless steel hob with automatic ignition is not being used, the glass cover provides an additional storage area.

▲ Extended kitchen storage space is provided by the large storage drawer beneath the living area seat bench opposite the kitchen. Like all storage compartments in the Malibu, this is also conveniently accessible.

The advantages of the compact kitchen:

- Even more kitchen storage space thanks to the storage drawer in the living area seat bench
- Powerful compressor fridge
- Large kitchen work surface on a single level
- Multifunctional sink cover
- Convenient drawer operation using self and soft closing mechanism
- Three deep, spacious drawers
- 2-ring gas cooker with automatic ignition and practical glass cover
- More freedom of movement for access to the kitchen and the fridge is created when the washroom door is open thanks to the continuous one level floor without steps

COMPACT WASHROOM – THE SPACE WONDER

(Models 540 DB, 600 LE low-bed)

➤ All functions are available with a manual operation in the compact washroom – such as the practical, space-saving pivoting washbasin or the swivel-away toilet.

▣ The shower can be completely separated off easily and conveniently using a pivoting element / articulated wall. The result is a luxury shower – unlike the shower curtains that are often used as standard.

▣ The sink is integrated in the wall, therefore saving space. All you have to do is fold it out and then: Let the water run!

The advantages of the compact washroom:

- The swivel-away toilet provides maximum comfort in a very small space
- The washbasin is simply swivelled out of the wall when it is needed
- A stable articulated door creates a proper shower with plenty of room in no time, and keeps the surroundings reliably dry

SLEEPING – DIVINE COMFORT

(Models 540 DB, 600 LE low-bed)

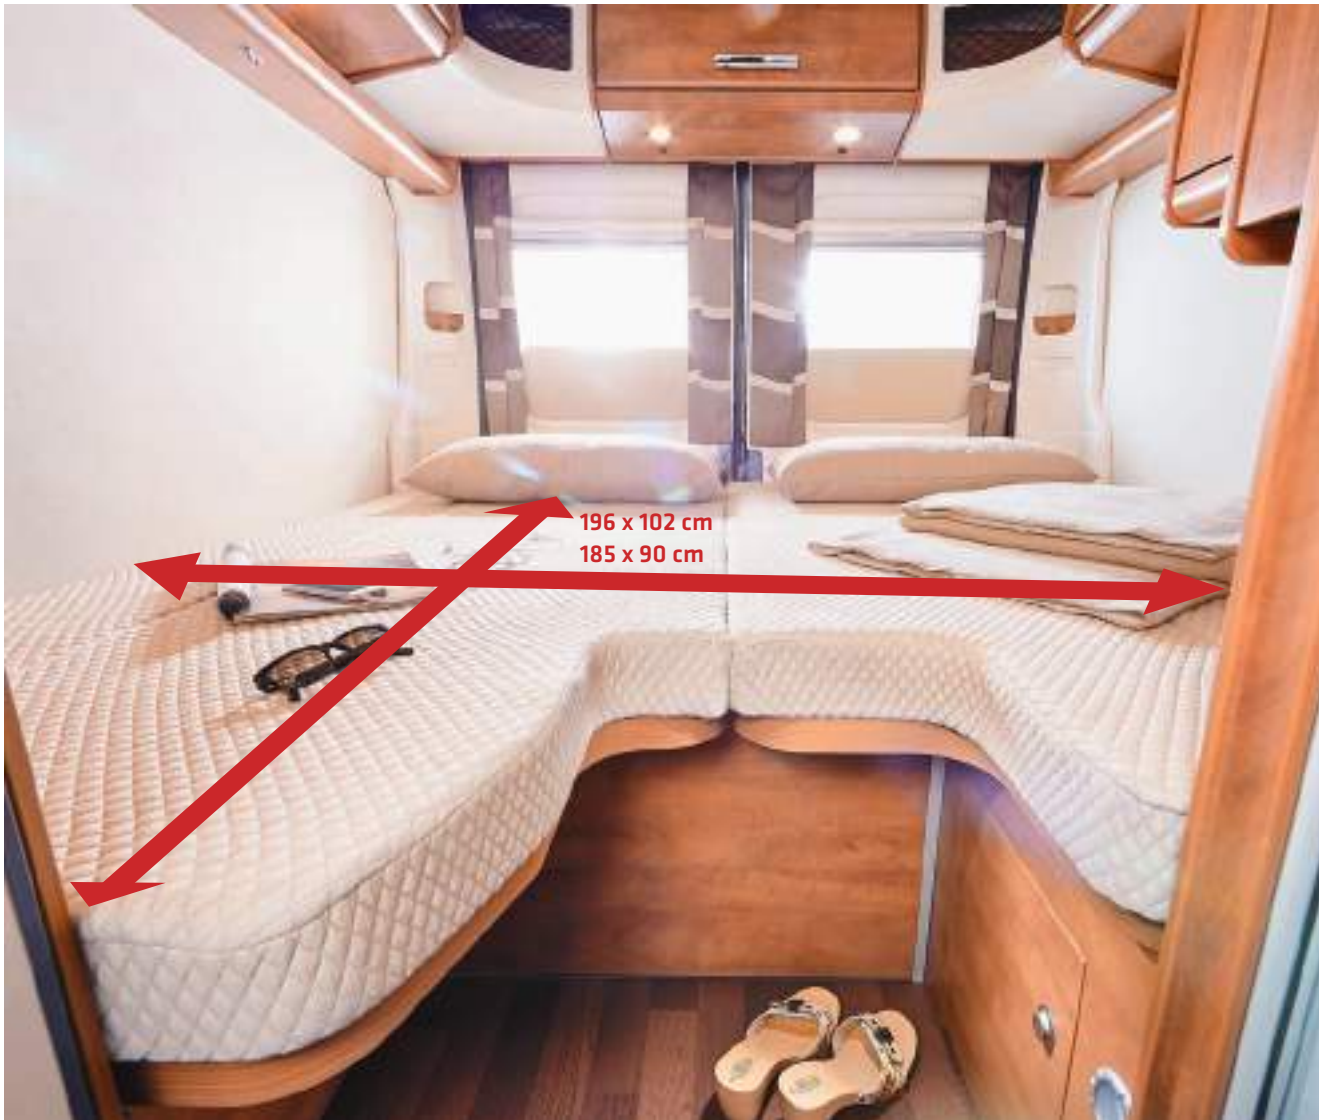

▣ In spite of its compactness, model **540 DB** provides spacious bed dimensions and a low bed access height of just 64 cm.

▣ Above the single beds: Clothing cabinet and wardrobe (model **600 LE low-bed**).

▣ There is plenty of room in the large clothing cabinet / wardrobe above the double bed (model **540 DB**).

▣ The biggest beds in the Van class can be found in all Malibu Vans. In model **600 LE low-bed** the access is particularly low and therefore very convenient.

! Advantages of the worlds of sleeping:

- The biggest sleeping area in the van class
- Extremely convenient and low bed entry and exit
- Maximum headroom and seating height above the beds in spite of all-round overhead storage cabinets
- The ceiling and wall surfaces are lined with an exclusive micro-fibre covering
- Ventilated slatted frame and 7-zone cold foam mattress for excellent lying quality
- Spacious wardrobe / clothing cabinet in the rear area
- Multifunctional rear storage compartment thanks to beds that can be folded-up at both sides

MORE COMFORT, MORE ROOM

(Models 600 DB, 600 DB low-bed, 640 LE)

You can spontaneously set off at any time without having to forego anything on your travels: You experience this wonderful feeling in our comfort models. You get a higher standard in all details: more storage space, more self-sufficiency, a bigger seating area, even more living comfort and a perfect washroom.

You won't find more motorhome features in any other van! And here too, the following applies: you can choose between two Worlds of Style and numerous Worlds of Living in accordance with your taste.

▲ Sporty, dynamic and comfortable: the Malibu Van **640 LE** is an eye-catcher.

▲ Elegant entrance area with Malibu branding in chrome and indirect accent lighting.

More popular than any other: the Malibu Van **640 LE** in the Cherry Shining World of Style and the Palermo World of Living.

CHARMING – MORE ELEGANCE

(Models Charming 600 DB, Charming 640 LE)

The Malibu Van Charming models emanate a special, exclusive elegance! They are recognisable from afar with their harmonious exterior design. In the interior, the Charming models impress with a sophisticated two tone Noble Cherry décor

and bright contrasting areas, and the interior is finished off with the surrounding decorative chrome strip. A perfectly coordinated lighting concept with indirect LED light bands completes the exclusive ambience.

▲ Simply harmonious: the Charming exterior design is recognisable from afar (Malibu Van **Charming 600 DB** in aluminium grey metallic).

▲ Elegant entrance area with Malibu branding in chrome and indirect accent lighting.

▲ The interior design of the Charming models is modern and exclusive thanks to the two tone design with light contrast areas and a decorative chrome strip (model **Charming 640 LE**, Toulouse World of Living).

The advantages of Charming models:

- Modern, friendly light ambience with outstanding exclusivity
- Two tone décor with light contrasting surfaces and surrounding decorative chrome strip
- Ceiling canopy with indirect ambient lighting with LED light technology
- Numerous additional LED spotlights for targeted illumination of the working areas
- Living area floor covering in Finition parquet
- Malibu branding in chrome and indirect accent lighting in the entrance area

CHARMING COUPÉ – MORE FEELING OF SPACIOUSNESS

(Models Charming Coupé 600 DB, Charming Coupé 640 LE)

The Malibu Van Charming Coupé models are the perfect complement to the Malibu Van palette. Experience the unique feeling of spaciousness! Thanks to the extended interior height in the driver's cabin and above the lounge seating

area, the Malibu Van Charming Coupé succeeds in giving the compact vehicle a unique feeling of spaciousness and provides a tremendous amount of standing height in the living area. Get in and let yourself be impressed.

▣ The Malibu Van **Charming Coupé 640 LE** in iron grey metallic also impresses with the Charming exterior décor and therefore becomes a real eye-catcher.

▲ The Malibu Van Charming Coupé creates a unique feeling of spaciousness with having an extended interior height in the driver's cabin and above the lounge seating area (Model **Charming Coupé 600 DB**, Palermo World of Living).

The advantages of the Charming Coupé models:

In addition to the advantages of the Charming models:

- Unique feeling of spaciousness in the living area and the driver's cabin
- Tremendous amount of standing height
- Convenient access to the driver's cabin and the driver's cabin seats rotated to the living position
- Motorhome living comfort in the Van with an exterior width of just 205 cm

CHARMING GT – COMPLETELY NEW FEELING OF SPACIOUSNESS AND DRIVING ENJOYMENT

(Models Charming GT 600 DB, Charming GT 640 LE)

Malibu has transferred the great automotive tradition of “GT – Gran Turismo” to the Van class. The Malibu Van Charming GT provides real motorhome comfort and a completely new feeling of spaciousness and driving enjoyment in a compact camping van.

The driver’s cabin is fully integrated in the living area. Two large panoramic skylights which extend over the lounge seating area allow you to view the heavens. See the world with completely new eyes on your travels – you are bound to be impressed!

Motorhome comfort in a camper van: The Malibu Van **Charming GT 640 LE** in aluminium grey metallic opens up a completely new feeling of spaciousness and driving enjoyment.

▲ A grandiose experience of width, light and space: the panoramic skylight above the driver's cabin visually opens up the space and reveals new perspectives overhead (Malibu Van Charming GT 640 LE, part leather Macchiato World of Living).

The advantages of the Charming GT models:

In addition to the advantages of the Charming models:

- Completely new space and ride feeling
- Driver's cabin integrated in the living area
- Large panoramic skylights above the lounge seating area – extended standing height in the living area and the driver's cabin area
- Real motorhome comfort
- Convenient access to the driver's cabin and the driver's cabin seats rotated to the living position

THE KITCHEN – AT STAR LEVEL

(Models 600 DB, 600 DB low-bed, 640 LE, Charming 600 DB, Charming 640 LE, Charming Coupé 600 DB, Charming Coupé 640 LE, Charming GT 600 DB, Charming GT 640 LE)

☑ Extend the worktop and storage area, just how you want it: simply swivel the worktop to the same height as the kitchen work surface on the left; hook the sink cover into the wall rail on the right and use it as a cutting board or storage area (model **640 LE**, Cherry Shining World of Style).

☑ The three deep and extra-wide drawers close softly and gently thanks to the self and soft closing mechanism in household quality. The first drawer is also equipped with a cutlery insert. The separately positioned fridge creates even more storage space in the kitchen.

▲ The absorber fridge, which has been exclusively developed for Malibu, can be operated with gas, 12 V or 230 V.

▲ One of the many practical details is the overhead storage cabinet above the kitchen units with shelf and chrome piping (Charming models only).

▲ There is a large storage compartment beneath the living area seat bench. It is easily accessible using a patented fitting, and can be opened without removing the seat upholstery.

▲ Additional kitchen storage space is provided by the large storage drawer beneath the lounge seating area opposite the kitchen. Like all storage compartments in the Malibu, it is conveniently accessible.

▲ The waste bin is separately integrated in the kitchen units, and is accessible from the outside and also from the living area.

The advantages of the comfort kitchen:

- Even more storage space due to the storage drawer in the living area seat bench opposite
- Exclusively developed, energy-efficient absorber fridge with automatic energy switch for gas, electricity and battery, positioned at hand height, with extra-high wardrobe beneath it
- Large kitchen work surface on a single level
- Multifunctional sink cover with wall holder for creating additional work surface
- Convenient drawer operation using self and soft closing mechanism
- Three deep, extra-wide high-stability drawers
- 2-ring gas cooker with automatic ignition and practical glass cover
- Waste bin integrated in kitchen units
- Overhead storage cabinet above kitchen units with shelf and chrome piping (Charming models only)

THE 3-IN-1 FLEXI-WASHROOM – THE BIGGEST WASHROOM IN ITS CLASS

(Models 600 DB, 600 DB low-bed, 640 LE, Charming 600 DB, Charming 640 LE, Charming Coupé 600 DB, Charming Coupé 640 LE, Charming GT 600 DB, Charming GT 640 LE)

➤ The patented 3-in-1 flexi-washroom is the heart of our comfort / exclusive models. It provides a considerable amount of room – when showering, using the toilet or using the washbasin.

✔ When the toilet is swivelled away, it creates a massive, completely separable shower room with an articulated wall/folding elements.

▶ The small storage area that is recessed in the wall shows how well thought-out the storage space solutions are in every detail.

▶ Unobstructed passage is provided by the solid sliding door with ergonomic metal handle. Unlike a conventional swivelling door, you therefore have maximum freedom of movement when the washroom door is open or closed.

◀ Sink, mirror, washroom cabinet, toilet and shower – everything can be used in comfort in the patented 3-in-1 flexi-washroom.

Advantages of the 3-in-1 flexi-washroom:

- Patented 3-in-1 flexi-washroom with maximum comfort in the shower room, washroom or toilet
- Largest wash and shower room of its class
- Swivelling toilet creates a large shower room
- Articulated shower walls separate the large shower room and keep the surroundings reliably dry – without a “sticking” shower curtain, as is often otherwise the case
- Free passage from front to rear thanks to the washroom sliding door

SLEEPING – MORE RELAXATION

(Models 600 DB, 600 DB low-bed, 640 LE
Charming 600 DB, Charming 640 LE,
Charming Coupé 600 DB, Charming Coupé 640 LE,
Charming GT 600 DB, Charming GT 640 LE)

▣ The extra-deep access of 64 cm with the **600 DB low-bed** puts the focus on the accessibility of the beds, which is made as convenient as possible.

▣ The **600 DB** model provides peace and quiet at night with lots of space: The transverse double bed has comfortable dimensions of 193 x 158/143 cm and an extra-high rear storage compartment beneath it.

▣ The **600 DB** model has pull-out access steps for easy access. Practical: It acts as a partition from the garage compartment at the same time.

☑ The all-round overhead storage cabinets in the rear area provide a spacious storage space for your clothing (Cherry Shining World of Style).

☑ Enjoy the bed size of 196 x 90 cm / 183 x 102 cm in the **640 LE**. The extra-wide access steps make it easy to get into and out of bed, and can also be used as storage space. They can be removed completely in order to use the rear storage compartment.

☑ The extremely spacious wardrobe in the living area has clothes hanger depth and an extra-large interior height of 100 cm.

Advantages of the worlds of sleeping:

- Biggest lying dimensions in the van class for a comfortable and relaxing night's sleep
- All-round overhead storage compartments and a spacious wardrobe in the rear area
- Maximum headroom and seat height above the beds despite the all-round overhead storage cabinets
- Roof and wall inner cladding with exclusive microfibre climate-enhancing covering
- Ventilated slatted frame and 7-zone cold foam mattress for excellent lying quality
- Easy access to the bed
- Multifunctional rear storage compartment thanks to beds that can be folded-up at both sides
- Cold protection shield at the top end of the bed which also protects the roller blind

MORE VAN. MORE VALUE. MORE HOLIDAY.

A Malibu van has unique characteristics and advantages which cannot be found in any other camper van on the market. This added value, which is typical of the brand, can be felt and experienced on every trip that you undertake in your Malibu Van: more functionality, more comfort, more storage space and more relaxation. That is our added value promise to you!

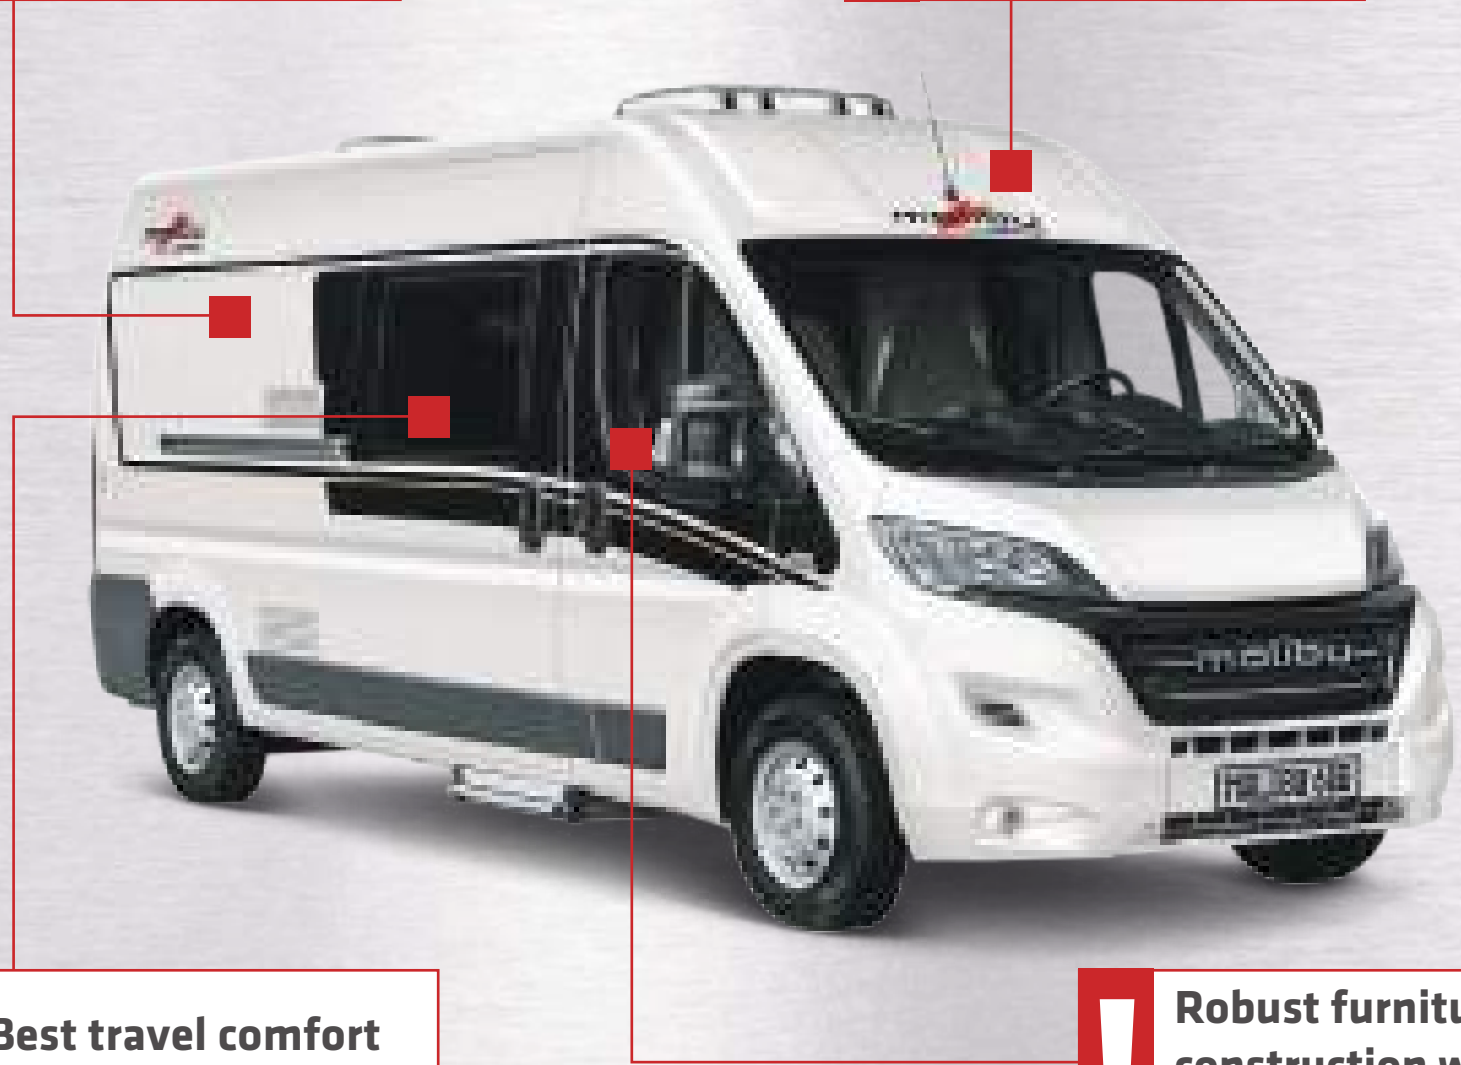

”
It is my major passion to develop ideas through to product maturity. The most important thing when doing this is to always provide these ideas with a real customer benefit. [...]
We want satisfied customers.

MOTORHOME TECHNOLOGY IN THE VAN CLASS

Malibu Van: elaborate body insulation

MALIBU VAN – PERFECT INSULATION

All Malibu vans are insulated on the inside of the roof and the living area floor plate with a 20 mm thick RTM hard foam core. The material has lifetime effective insulation, since it is water repelling and therefore does not absorb moisture. The RTM hard foam has a high degree of heat insulating capability. It therefore provides protection from heat in summer

temperatures, and insulates against the cold in winter. The side walls and body supports are also well lined with polyurethane insulating mats in the Malibu Van in order to prevent cold bridges. It is therefore hardly surprising that the Malibu vans are among the best-insulated vans in their class.

Advantages of motorhome technology in the Van class:

- 1 Elaborate body insulating measures:**
Floor panel and ceiling panel with RTM hard foam insulating core. Protection from heat and cold, and secondary driving noise
- 2 Micro-fibre climate wall covering** on interior walls and ceiling – for optimum insulation and avoiding creaking noises while driving

BEST TRAVEL COMFORT IN THE VAN CLASS

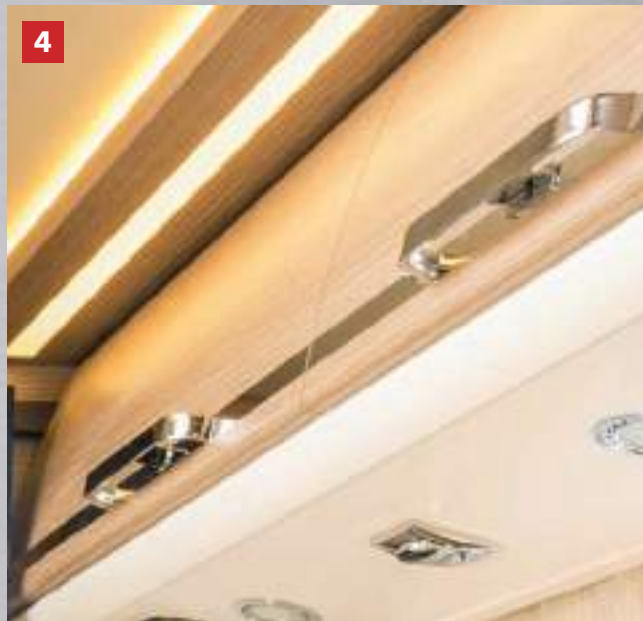

Advantages of the best travel comfort in the Van class:

- 1 Biggest 3-in-1 flexi-washroom / compact washroom in its class** with a shower that is completely separable using an articulated wall / flap element*
- 2 Large lounge seating area and unique feeling of spaciousness** thanks to the extended interior height in the driver's cabin and above the lounge seating area*
- 3 The biggest bed and sleeping lengths in its class** for maximum sleeping comfort; cold protection shields at the top end of the beds; ventilated slatted frame and 7-zone cold foam mattress for excellent sleeping comfort
- 4 Space-saving sliding door to washroom with ergonomic metal handle** – for a convenient living area aisle without passage width restrictions when the door is open*
- 5 Elaborate ambient lighting** with indirect ambient lighting in the entrance and lounge seating area area, numerous spotlights with LED lighting technology and Malibu branding*

* depending on model

ROBUST FURNITURE CONSTRUCTION WITH DOUBLE CONNECTION TECHNOLOGY

Advantages of robust furniture construction with double connection technology:

- 1 Double connection technology:** the furniture is screwed together and also mortised – for maximum stability and longevity
- 2 High-quality, robust metal hinges and fittings**
- 3 Swing-out extension to kitchen work surface** – flush, no height difference
- 4 Clear furniture shapes** and modern design with two tone look
